## Specifications

Name: Smart Watch

Water Resistance: 5ATM

Battery Capacity: 470 mAh

Operating Temperature: -10°C to 45°C\*

Wireless Connectivity: **Bluetooth®** 5.3

Input Voltage: 5 V 

Input Current: 1 A

 The symbol indicates DC voltage

Model: M2351W1

Maximum Output Power: < 13 dBm

Operating Frequency: 2402–2480MHz

\* The range of working temperature is based on Xiaomi Lab's test data. The actual wearing status may vary.

Compatible with: This product only supports certain Android or iOS systems. For detailed information, please check the product page on [www.mi.com](http://www.mi.com).

For regulatory information, product certification, and compliance logos related to the Redmi Watch 5 Active, please go to Settings > About Watch > Regulatory.

2024.10 on the product indicates that this product will be launched after 2024.10.

 **Bluetooth®** The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Xiaomi Inc. is under license. Other trademarks and trade names are those of their respective owners.

## Regulatory Compliance Information

All products bearing this symbol are waste electrical and electronic equipment (WEEE as in directive 2012/19/EU) which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.

## EU Declaration of Conformity

CE mark is applicable to product and built-in battery.

Hereby, Xiaomi Communications Co., Ltd. declares that the radio equipment type M2351W1 is in compliance with Directive 2014/53/EU and Regulation (EU) 2023/1542.

The full text of the EU declaration of conformity is available at the following internet address: <http://www.mi.com/global/service/support/declaration.html>

## RF Exposure Information (SAR)

This equipment complies with radiation exposure limits and has very low levels of RF energy that are deemed to comply without testing of specific absorption ratio (SAR).

## Safety Precautions

- For daily use, comfortably tighten the watch around your wrist about one-finger width away from your wrist bone. Adjust the strap to ensure the heart rate sensor can collect data normally.
- When using the watch to measure your heart rate, please hold your wrist still.
- The watch has a water resistance rating of 5ATM (50 meters in depth). It can be worn in the swimming pool, while swimming near the shore, or during other shallow-water activities. However, it cannot be used in hot showers, sauna, or diving. Furthermore, remember to avoid the watch being directly impacted by swift currents during water sports. The water-resistant function is not permanent and may decline over time.
- The touchscreen of the watch does not support underwater operations. When the watch comes into contact with water, use a soft cloth to wipe away excess water from its surface before use.
- During daily use, avoid wearing the watch too tightly. Keep its contact area dry and regularly clean the strap with water. Immediately stop using the watch and seek medical assistance if the contact area on your skin shows signs of redness or swelling.
- Make sure the power adapter, the charging cable, and the watch are in a dry environment while charging. Do not touch them with wet hands and do not expose them to rain or other liquids.
- If the watch will not be used for an extended period, turn it off after fully charging and then store it in a cool and dry place. Recharge the watch at least once every 3 months.
- The operating temperature of the watch is -10°C to 45°C. If the ambient temperature is too high or too low, the watch may malfunction.
- If the screen is broken, do not touch or try to remove it. Instead, you should stop using the watch immediately and contact an authorized service provider.
- Please use the included charging cable to charge the watch. Only use the power adapters that comply with the local safety standards or certified and supplied by qualified manufacturers.
- Do not disassemble, strike, crush or throw the watch into a fire. Stop using the battery immediately if there is any swelling or fluid leakage.
- The watch has a built-in battery. To avoid damage to the battery or the watch, do not disassemble and replace the battery by yourself. Only the authorized service providers can replace the battery; otherwise, it will cause potential dangers even personal injuries if a wrong type of battery is used.

- Do not dispose of the battery in household waste or landfills. Please follow local laws and regulations when disposing of this product and its used batteries.
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
- The watch and its accessories may contain small parts. To avoid choking or other hazards or damages caused by the children, keep the watch out of the reach of children.
- Keep the product's indicator away from the eyes of children and animals while the product is in use.
- This watch is not a medical device, any data or information provided by the watch should not be used as a basis for diagnosis, treatment, and prevention of diseases.
- The product information is listed on the back case of the watch for your reference.

## Warranty Notice

As a Xiaomi consumer, you benefit under certain conditions from additional warranties. Xiaomi offers specific consumer warranty benefits which are in addition to, and not instead of, any legal warranties provided by your national consumer law. The duration and conditions related to the legal warranties are provided by respective local laws. For more information about the consumer warranty benefits, please refer to Xiaomi's official website <https://www.mi.com/global/support/warranty>. Except as prohibited by laws or otherwise promised by Xiaomi, the after-sales services shall be limited to the country or region of the original purchase. Under the consumer warranty, to the fullest extent permitted by law, Xiaomi will, at its discretion, repair, replace or refund your product. Normal wear and tear, force majeure, abuse or damage caused by the user's negligence or fault are not warranted. The contact person for the after-sale service may be any person in Xiaomi's authorized service network, Xiaomi's authorized distributors or the final vendor who sold the products to you. If in doubt please contact the relevant person as Xiaomi may identify.

The present warranties do not apply in Hong Kong and Taiwan.

Products which were not duly imported and/or were not duly manufactured by Xiaomi and/or were not duly acquired from Xiaomi or a Xiaomi's official seller are not covered by the present warranties. As per applicable law you may benefit from warranties from the non-official retailer who sold the product. Therefore, Xiaomi invites you to contact the retailer from whom you purchased the product. Disclaimer: The illustrations of the product, accessories, user interfaces, and other elements in this

User Manual are schematic diagrams for reference only, and they may be slightly different from the actual product. This manual is published by Xiaomi or an enterprise in Xiaomi's ecosystem. Typographical errors and inaccurate information in this manual or the related programs and/or equipment may change without prior notice. Such changes will be indicated in the latest version of the manual.
