Introducing the Roomba 600 Series

620.04 with

- Advanced Cleaning Head
- AeroVac™ Bin

INCLUDES

- 1 iRobot Roomba 620.04
- 1 AeroVac™ Bin
- 1 Compact, self charging Home Base™
- 1 Rechargeable battery
- 1 Flat cleaning tool

The iRobot® Roomba® vacuum cleaning robot removes dirt, debris and hair from all types of floors at the touch of a button.

Featuring iAdapt® Responsive Cleaning Technology, Roomba monitors the cleaning environment over 60 times per second, using multiple sensors and over 40 behaviours to maximise cleaning performance. It thoroughly cleans your carpets, hardwood, tile and linoleum floors, including in tight spots, under and around furniture and along edges.

The 600 Series delivers greater ease of use with superior hair handling ability – innovatively compositioned longer-lasting brushes handle fibres more effectively than ever, whilst AeroVac™ Technology maximises air flow through the cleaning head to pull debris off the brushes and into the newly designed larger bin.

And along with its simple and intuitive interface, Roomba 620 returns to its Home Base™ to dock and recharge between cleanings. All you have to do is press “Clean” and let Roomba do the dirty work.

600 SERIES Specificities

iADAPT® RESPONSIVE CLEANING TECHNOLOGY

Maximizes cleaning performance, using multiple sensors and over 40 behaviours.

ADVANCED CLEANING HEAD

Provides superior cleaning performance for picking up dirt, dust, pet hair, allergens and more from carpets and hard floors.

AEROVAC™ BIN

Employs a powerful vacuum to vigorously pull debris and hair off brushes into the bin.

SOFT-TOUCH BUMPER

Cushions the contact made between the surface of Roomba's bumper and walls, furniture and other objects in the room.

CONVENIENT CARRYING HANDLE

Includes a recessed one-hand carrying handle for easy one-handed transport of the Roomba from room-to-room or between floors.

ROOMBA 620.04 FEATURES	
	Vacuums on its own using iAdapt® Responsive Cleaning Technology.
	Works on carpet, hardwood, tile and linoleum.
	Automatically recharges itself between cleanings.
	Uses acoustic sensors to detect small particles and focus cleaning.

SPECIFICATIONS	
Robot Dimensions (cms)	34.9A x 9.2H
Robot Weight (Kgs)	3.6
Wattage	33W
Bin Capacity (L)	0.468
Retail EAN	5060155406954
Retail UPC	885155003577
Retail Box Dimension (cms)	39.37L X 12.70W X 44.45H
Retail Box Weight (Kgs)	TBC
Retail Box EU Waste Packaging Information	85%
Retail Box Recyclability of packaging	100%
Units per Master Carton	2
Master Case EAN	5060155406961
Master UPC	10885155003574
Master Carton Dimension (cms)	40.64L X 27.30W X 47.00H
Master Carton Weight (Kgs)	TBC
Master Carton EU Waste Packaging Information	85%
Master Carton: Recyclability of packaging	100%
Retail Units per Pallet	48
Retail Units per Layer	16
