

Microsoft Modern Webcam

Fact Sheet

April 2021

Introducing Microsoft Modern Webcam, built for you to look your best on face-to-face calls and Microsoft Teams meetings. The 1080p HD camera paired with a versatile, easy-to-mount system attaches to your monitor, laptop, desk or tripod and adds reliable, high-quality video to your laptop workspace.¹ High-quality video with HDR and True Look deliver facial retouch and auto light adjustment. Microsoft Modern Webcam delivers exceptional 1080p video, HDR, and a 78° field of view optimized for your desk. Easily open and close the integrated privacy shutter and know you are only sharing when you want.

Top Features and Benefits

- **High-quality video with HDR and True Look** that deliver facial retouch, fixed light adjustment, and auto focus to help you look your best.
- **Integrated privacy shutter** you can easily slide open and close over the camera lens. Plus, LED status light lets you quickly see if your camera is on.
- **Versatile mounting system**, you can secure to your monitor, laptop, desk, or tripod.
- **Certified for Microsoft Teams**, with up to 1080p video and expansive 78° field of view.
- **USB-A connection**, for convenient plug-and-play design.
