- Clean milk residues after every use with milk clean function
- Easy cleaning thanks to fully removable brewing group
- Enjoy a great coffee with Auto-Rinse & guided descaling
- External milk container included, easy to clean and store

PHILIPS

Highlights

External milk container

Enjoy your creamy cappuccino with the milk you prefer thanks to the external milk container, dishwasher safe. Easily unplug it from the machine and put it in the fridge for long lasting freshness. Cappuccino with every kind of milk has never been so easy.

100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

5 beverages

Enjoy your favourite drinks for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your Super-automatic machine delivers a perfect in-cup result with no hassle and in no time!

Adjustable coffee spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Customize your coffees

This Super-Automatic machine offers an abundance of indulgent options to customize your beverage to your taste. You can easily personalize and memorize length and strength for each drink. Feel free to explore, experiment and dream up any drink!

Easy Cappuccino System

You can get a perfectly brewed espresso right in your cup from freshly ground beans, simply push a button and wait a few seconds. Now,

with the new Easy Cappuccino System, your one touch cappuccino has never been so easy.

High capacity & compact design

Enjoy more room and go longer without refill thanks to the high-capacity bean, water, and waste containers in a super-compact design. This smart, super-automatic machine provides you with maximum convenience and top notch performance thanks to a large capacity water tank, bean and waste container.

Thermoblock

The Thermoblock ensures a hot coffee and cappuccino for your family always at the perfect temperature. The secret is in its light aluminum and stainless steel body, which can reach hot temperatures, fast.
