X-PLOER Serie 140+, Robot Vacuum Cleaner, Animal & Allergy Model

X-PLOER Serie 140+, Robot Vacuum Cleaner, Animal & Allergy Model
RR9197WH

The laser robot that precisely avoids low obstacles

Introducing Rowenta X-PLOER Serie 140+, the robot vacuum that's so precise, you no longer need to tidy up your home in advance! Smart laser navigation and low obstacle detection come together with an auto dust-collecting station for a hands-off cleaning experience that leaves your home spotless with none of the effort. Discover the full package: automatic dust emptying for up to 60 days, high suction pressure up to 5000 Pa, dual-action cleaning with the Smart Aqua Power mopping system and more.

**toys, pet bowls, socks, slippers, power strips, etc.*

EDITORIAL DESCRIPTION

The robot vacuum for precise cleaning with smart navigation and low obstacle detection

With the X-PLOERER Serie 140+ by Rowenta, hands-off cleaning has never been easier. This advanced robot vacuum cleaner was designed to detect and precisely avoid low obstacles—for easier cleaning with no need to tidy up your home before cleaning sessions. Equipped with two sensors—one on the front and one on its right side—your smart vacuum moves around toys, pet bowls, socks, slippers and much more, for home cleaning made truly effortless.

ETAILING DESCRIPTION

Rowenta X-PLOERER Serie 140+, Robot Vacuum Cleaner, Animal & Allergy Model, RR9197WH

- **NO NEED TO TIDY UP YOUR HOME:** An ability to detect and precisely avoid low obstacles comes together with smart laser navigation
- **NO NEED TO EMPTY ROBOT'S DUST BOX:** Hands-off cleaning like never before, with auto dust emptying in just a few seconds and no need to change the dust bag for up to 60 days
- **SMART NAVIGATION AND PERMANENT MAP:** 360° laser detection technology (LDS) ensures ultra-accurate cleaning paths, with the permanent map feature for total surface coverage and perfect cleaning results
- **HIGH SUCTION PRESSURE:** Delivering high suction pressure up to 5000 Pa, for high-performance dust pick-up that leaves your house spotless
- **15-YEAR REPAIRABILITY:** Low-cost parts available in our 6200 repair centers worldwide, for quick repair over many years—part of our commitment to help protect the environment and cut down on waste
- **SMART AQUA POWER SYSTEM:** The electronic water tank controls water volume while mopping (with dry, low, medium and high settings) and lets you set humidity level per room
- **DUAL ACTION:** 2-in-1 vacuuming and mopping with a side brush for hard-to-reach areas, an Animal Electro-Brush for hair and lint, a powerful 5000 Pa motor and the Smart Aqua Power System to mop surfaces
- **TAILOR-MADE FEATURES :** Set yourself free and fully delegate your cleaning responsibilities with tailor-made automatic routines and smartphone Wi-Fi control for custom paths with no-go/no-mop zones
- **NON-STOP AUTOMATIC CLEANING:** Your robot vacuum offers 120 min of running time in Eco mode in one pass and automatically returns to its station to recharge then resumes the cleaning cycle
- **WHAT'S IN THE BOX:** Serie 140+ robot vacuum cleaner, mop pad, 3 mops (1 gray mop for standard use, 1 blue mop for hard stains, 1 green mop to capture fine dust), auto dust box emptying station, 3 Hygiene+ bags

PRODUCT BENEFITS

Low obstacle detection

Low obstacle detection and precise avoidance*—for easy cleaning with no need to tidy up your home in advance.

Automatic dust emptying

Hands-off cleaning is now easier than ever with auto dust emptying in just a few seconds after each cleaning cycle—for up to 60 days of peace of mind.

Smart navigation

Precise 360° laser detection technology (LDS) ensures ultra-accurate cleaning and perfect results with permanent mapping for total surface coverage.

High suction pressure

5000 Pa: to enjoy better cleaning, dust and dirt are easily picked up thanks to high suction power.

Smart Aqua Power System

The electronic water tank controls water volume while mopping (with dry, low, medium and high settings) and lets you set humidity level by room.

Dual-action cleaning

2-in-1 vacuuming and mopping thanks to the Smart Aqua Power System, plus a side brush for hard-to-reach areas and an Animal Electro Brush.

Tailor-made features

Set yourself free and fully delegate your cleaning responsibilities with tailor-made automatic routines and smartphone Wi-Fi control.

Non-stop auto cleaning

In Eco mode, your robot vacuum offers 120 min of cleaning in one pass and returns to its docking station to recharge before automatically resuming.

Low obstacle detection and avoidance

No need to tidy up your home before cleaning, with low obstacle detection and precise avoidance to avoid getting stuck.

No need to empty robot's dust box

The robot automatically empties its dust box after each cleaning session for up to 60 days of peace of mind.

Smart navigation and permanent map

A precise 360° laser detection technology (LDS) that allows an ultra accurate cleaning path with a permanent map for total surface coverage and perfect cleaning results.

5000 Pa, High suction pressure

To keep your home spotless and to enjoy a better cleaning, dust and dirt are easily picked up thanks to suction pressure up to 5000 Pa.

In app scheduling of where and when to clean

Tailor-made routines and Wi-Fi remote management using your smartphone: room and floor personalization, no-go zones, no-mop zones and more.
