For adjusting the settings of a function (e.g. length, weight).

7. JET DEFROST FUNCTION

8. START

For starting a function.

9. DOOR OPENING BUTTON

ACCESSORIES

TURNTABLE

Placed on its support, the glass turntable can be used with all cooking methods.

The turntable must always be used as a base for other containers or accessories.

TURNTABLE SUPPORT

Only use the support for the glass turntable.

Do not rest other accessories on the support.

STEAMER

.....1 To steam foods such as fish or vegetables, place these in the basket (2) and pour drinking water (100 ml) into the bottom of the steamer (3) to achieve the right amount of steam.

.....2 To boil foods such as potatoes, pasta, rice or cereals, place

these directly on the bottom of the steamer (the basket is not required) and add an appropriate amount of drinking water for the amount you are cooking.

For best results, cover the steamer with the lid (1) provided.

Always place the steamer on the glass turntable and only use it with the appropriate cooking functions, or with microwave function.

The steamer bottom has been designed also to be used in combination with the special steam clean function.

Other accessories that are not supplied can be purchased separately from the After-sales Service.

The number and the type of accessories may vary depending on which model is purchased.

There are a number of accessories available on the market. Before you buy, ensure they are suitable for microwave use and resistant to oven temperatures.

Metallic containers for food or drink should never be used during microwave cooking.

Always ensure that foods and accessories do not come into contact with the inside walls of the oven.

Always ensure that the turntable is able to turn freely before starting the oven. Take care not to unseat the turntable whilst inserting or removing other accessories.

FUNCTIONS

MICROWAVE

For quickly cooking and reheating food or drinks.

POWER (W)	RECOMMENDED FOR
750 W	Quickly reheating drinks or other foods with a high water content or meat and vegetables.
500 W	Cooking fish, meaty sauces, or sauces containing cheese or egg. Finishing off meat pies or pasta bakes.
350 W	Slow, gently cooking. Perfect for melting butter or chocolate.
160 W	Defrosting frozen food or softening butter and cheese.
0 W	When using the minuteminder only.

JET DEFROST

For quickly defrosting food such as meat, poultry and fish weighing between 100 g and 2 kg. Food should be placed directly onto the glass turntable. Turn the food when prompted.

STEAM

For steam-cooking foods such as vegetables or fish, using the steamer provided. Distribute evenly the food into the steamer basket and pour drinking water (100 ml) into the bottom of the steamer. The oven automatically calculates the settings required to achieve perfect results. During the initial part of the cooking, microwaves generate steam, bringing the water into the bottom of the steamer to boil.

FOOD	WEIGHT (g)
ROOTS & TUBERS	150 - 500
VEGETABLES	
VEGETABLES-FROZEN	
FISH FILLETS	

Required accessories: Steamer

MEMORY

The memory function provides you with an easy way to quickly recall a preferred setting.

The principle of the memory function is to store whatever setting that is currently displayed.

- Press the memo button and then press the start button.

How to store a setting:

- Select any function and make the necessary setting.
- Press and keep the memo button for 3 seconds until an acoustic signal is heard: the setting is now stored. You may reprogram the memory as many times as you wish.

DAILY USE

. SELECT A FUNCTION

Simply press the button for the function you require to select it.

. SET THE LENGTH

After selecting the function you require, use or to set the length for it to run.

Please note: The timer does not activate any of the cooking cycles. To stop the timer at any time, press .

CLEANING

Make sure that the appliance has cooled down before carrying out any maintenance or cleaning.

Never use steam cleaning equipment.

Do not use wire wool, abrasive scourers or abrasive/corrosive cleaning agents, as these could damage the surfaces of the appliance.

INTERIOR AND EXTERIOR SURFACES

- Clean the surfaces with a damp microfibre cloth. If they are very dirty, add a few drops of pH-neutral detergent. Finish off with a dry cloth.
- Clean the glass in the door with a suitable liquid detergent.
- At regular intervals, or in case of spills, remove the turntable and its support to clean the bottom of the oven, removing all food residue.

ACCESSORIES

All accessories are dishwasher safe. For stubborn dirt, rub gently with a cloth.

TROUBLESHOOTING

Problem	Possible cause	Solution
The oven is not working.	Power cut. Disconnection from the mains.	Check for the presence of mains electrical power and whether the oven is connected to the electricity supply. Turn off the oven and restart it to see if the fault persists.
The display is showing "Err".	Software fault.	Contact your nearest After-sales Service Centre and state the letter or number that follows "Err".
