## 4 IMPORTANT NOTES

Congratulations on your purchase of your Zogo Lite.

### CHARGING

- Connect your Zogo Lite via the included USB cable to a USB power source (power bank, laptop, etc.).
- While charging your Zogo Lite, you can still record videos and take pictures, except if your Zogo Lite is connected to a computer.

### DOWNLOAD TO COMPUTER

Connect your Zogo Lite via the included USB cable to a computer.

### DONGLE

Your Zogo Lite might be able to connect via the included Micro USB cable to smartphones, tablets, and laptops with USB-C connectivity, provided that an OTG dongle (not included) is attached to the Type-A side of the included Micro USB cable.

### ATTENTION

- Please do not drop your Zogo Lite.
- Please do not expose your Zogo Lite to strong magnetic fields, high temperatures, and direct sunlight.
- Please use only a branded microSD card for your Zogo Lite.
- If your Zogo Lite becomes hot while charging, please unplug it to prevent a fire hazard.
- Please store your Zogo Lite in a cool, dry, and dust-free place.
