

iRobot®

Take cleaning
off your mind

i3+

Roomba®

Robot Vacuum
+ Automatic Dirt Disposal

Cleans up after you, and itself

The i3+ picks up after you and after itself, emptying dirt and dust into an AllergenLock™ bag so you don't have to think about vacuuming for up to two months.

Navigates purposefully and logically

Gets the job done. Intelligent, straight line navigation uses floor tracking sensors to clean purposefully and logically in neat rows.

Dirt, be gone

Vacuums stubborn messes with a 3-Stage Cleaning System that uses Dual Multi-Surface Rubber Brushes and 10X the Power-Lifting Suction*.

With 30 years of robotic expertise and continuous innovation, iRobot® has optimized our Roomba® robot vacuum to help thoroughly clean floors in homes around the world.

Roomba® i3 features:

Cleans up after you, and itself

Forget about vacuuming for months at a time with the Clean Base® Automatic Dirt Disposal that allows the i3+ to empty itself for up to 60 days. AllergenLock™ Bags capture and trap 99% of pollen and mold.

Purposeful. Logical. Neat.

Won't stop till the job is done. Purposefully and logically cleans in neat rows and uses floor tracking sensors to navigate your home. When its running low on battery it recharges and resumes right where it left off, ensuring a complete clean.

Gets the job done right

Experience a comprehensive clean with Dual Multi-Surface Rubber Brushes and 10X the Power-Lifting Suction* that pulls in dirt, debris, and pet hair from wherever it hides, along with an Edge-Sweeping Brush to take care of the details.

Helps finish the job

Sensors tell it where it can and cannot reach, which means less getting stuck on furniture and more knowing where to go. And with Dirt Detect™ sensors, it can focus cleaning where it's needed most, like the dirtiest areas of your home.

One step ahead of a mess

Learns your cleaning habits and suggests schedules to meet your needs. It also recommends things you might not even think of – like extra cleaning during allergy season – making suggestions that benefit you.

"Alexa, tell Roomba to start vacuuming."

Clean without lifting a finger

Keep doing what you're doing. Through the iRobot app or your Google or Alexa voice assistant, simply tell your robot to clean – and consider it done.

Specifications

PRODUCT

SKU	i355840
Robot Dimensions (cm)	34 x 34.2 x 9.25
Robot Weight (kg)	3.18
Filter Type	High-Efficiency
Battery Type	Lithium-Ion
Bin Volume	0.4 liter

BOX CONTENTS

Roomba® i3 Robot Vacuum
Clean Base® Automatic Dirt Disposal
2 AllergenLock Bags
1 Extra Filter
Line Cord
