PG 8545 Steakboard

- ✓ for the perfect steak – crispy outside, tender and juicy inside
- ✓ 2 power settings: for quick searing (500° on the steak), followed by moderate grilling
- ✓ thanks to innovative double-heating technology and special designed reflector tray
- ✓ with easy operation to the perfect result

Further advantages

- grill rack and reflector tray made of high-quality stainless steel
- easy cleaning: grill rack and reflector tray dishwasher proof
- reflector tray with integrated reflector bars for an ideal heat radiation
- operation possible with or without water in the reflector tray, depending on the amount of fat in the meat
- XL power cord, approx. 2m, for more flexibility
- cool-touch-housing

High performance BBQ for perfect steaks.

Easy temperature adjustment. Temperature control with pilot light – red and blue.

Grill rack and reflector tray simple to remove for easy cleaning.

Extra long power cord, approx. 2m, for more flexibility.

Water in reflection tray: for easy cleaning, against smoke and odour.

For technology friends

- wattage: approx. 2.300 W
- 2 power settings: step 2 for quick searing, step 1 for moderate grilling
- stainless steel grill rack
- capacity grill surface approx. 23 x 25,5 cm (approx. 587 cm)
- temperature control by two colour pilot light
